Clever features list

Sleek boards create a timeless and spacious aesthetic that offers simplicity and versatility making it suitable for a wide range of sizes and styles.

Part of the beauty of wood is the naturally occurring unique features, such as variety in colour, texture and grain. Real timber flooring means that there will be no repeating patterns anywhere in your room, with each board unique.

Real timber floors can be sanded and recoated to make them last a lifetime. It is possible to lightly scuff and recoat the top wear layer to remove minor wear, or thoroughly sand and recoat for heavier damage.

Create a visual masterpiece with these long and wide boards. They will make your home, apartment, office or retail outlet appear grand and spacious.
