# Clever features list

Combines a water-resistant surface with a water-resistant core to provide comprehensive protection against spills, moisture, and water, ensuring both surface and core are less affected. Ideal for more areas of your home or project.

Our high quality printed patterns give the look of real natural timber with all the benefits of a vinyl floor.

Our eyes are great at picking out repetition, but we can fool them into thinking there is less than there actually is. We achieve this by designing patterns that are larger than our boards and then cutting them in multiple different spots to give the illusion of greater pattern variation.

A super matt finish has a smooth, textured appearance which feels luxurious to the touch. The surface is less reflective and hides scratches, dust, and imperfections well.

**Most brands**

**True Pattern** 5m<sup>2</sup>

**Blended Pattern** 26m<sup>2</sup>

**Compared to most brands, Clever Choice gives you three times the unique pattern area before the pattern repeats, creating a more realistic timber look.**

The diagram compares two vinyl patterns. On the left, a teal-colored wood-grain pattern is labeled 'Most brands' with a white horizontal line. On the right, a natural wood-grain pattern is shown. A Venn diagram with two overlapping circles is overlaid on the right pattern. The left circle is labeled 'True Pattern' and contains '5m²'. The right circle is labeled 'Blended Pattern' and contains '26m²'. The overlapping area is shaded with a dotted pattern. Below the Venn diagram, a black horizontal line spans the width of the right pattern, and a text box contains the comparison text.
