Global GreenTag

Global GreenTag is one of the world's most trusted and widely recognised eco certifications. These ranges have been certified healthy and eco-friendly, so you can be sure they're sourced responsibly and manufactured to the highest workplace standards.

GreenRate™ - Level B

GreenRate is a sustainability rating system that assesses environmental impact, while also including Local Sourcing, Ethical Labour and Supply Chains criteria.

Level B rating means our Oak Range meets 75% of all possible sustainability credit points.

HealthRate™ - Platinum

HealthRate™ is a rating of how healthy a product is in use. There are four categories - BronzeHEALTH, SilverHEALTH, GoldHEALTH and PlatinumHEALTH. Our Oak Range is rated PlatinumHEALTH — the highest possible rating. You can be confident knowing you are making a healthy choice for you and your family.

Third Party Verified PHD

The Global GreenTag Product Health Declaration™ PHD is the first of its kind in the world – a health rating tool for ingredients and components of products. We are proud of our natural, healthy products and believe transparency is important. We fully disclose the ingredients of our products for independent rating of their potential health impacts.
